

HOW TO APPLY FOR FINANCIAL SUPPORT?

- Applications for financial support for projects on a national level must be addressed to the Head of the Communication Department who is the coordinator of the CSR Committee and the permanent core group. The Communication Department makes a first selection, which consists in ruling out all applications that do not meet the criteria set by the CSR Committee. To view the selection criteria, see the “Selection criteria - CSR” document on our Website (www.iblgroup.com) in section “About IBL” – “Our Social Responsibility”. They are also available on the Intranet in sections “IBL Publication” and “IBL Policies”.
- As for local projects, applications can be addressed to the representative members of the CSR Committee, whose names are listed in the “IBL CSR Committee” document available on our Website (www.iblgroup.com) in section “About IBL” – “Our Social Responsibility”. The list is also available on the Intranet in sections “IBL Publication” and “IBL Policies”. The representative members will submit a summary form on the project to the CSR Committee and to the permanent core group.
- We strongly recommend our employees to suggest and submit projects in favour of children in needs who live in their neighbourhood to the CSR Committee representatives of their operating unit.
- For applications in good form and for optimal chances to obtain IBL’s approval, applying organisations can refer to the templates that we put at their disposal to help them in the presentation of their project. They are available on our Website (www.iblgroup.com) in section “About IBL” – “Our Social Responsibility” – see the “Application Forms” document, and on the Intranet in sections “IBL Publication” and “IBL Policies”.

- **How to contact us:**

To the Head of IBL Communication Department
For the CSR Committee
IBL House, 5th Floor
Caudan, Port Louis

Our Website: www.iblgroup.com, go into section “About IBL - Our Social Responsibility” or on the Intranet into sections “IBL Policies” and “IBL Publication”.
